

AGREEMENT of COOPERATION
Department of Psychology State Employment Service Training Institute
(Kyiv, Ukraine)
and
Institute for Handwriting Sciences
(Zurich, Switzerland)

The Contracting parties hereby enter into an agreement of cooperation in research and implementation in areas of applied psychology and handwriting analysis.

The subject of the agreement

The purpose of the cooperation are as follows:

- to promote interest in the research and teaching activities of the respective institutions;
- to deepen the understanding at each institution of the scientific and educational issues relating to its counterpart.

To achieve these goals the following cooperation forms are planned:

1. Organization and realization of joint research projects.
2. Organization and holding of joint lectures and workshops.
3. Organization of joint conferences and conventions
4. Organization of educational visits and trainings for researchers and students.
5. Development of international research diagnostic facilities to conduct new studies.
6. Exchange of scientific information and providing staff and students with possibilities to publish articles, research papers, and cooperative studies in scientific journals.
7. Mutual supervision of final qualifying works of students.

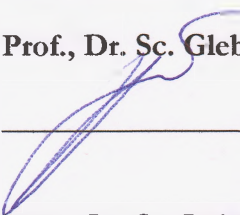

The timing and mechanisms of implementation of the Contract

This general Agreement of Cooperation shall be identified as the parent document of further agreements in specific areas of cooperation that will determine their timing and implementation.

The agreement is effective upon approval and signature by both parties.
